Fiscal Note Version – New

---

**Description**

**House File 141** exempts from Iowa income tax all income earned as active duty pay while a member of the U.S. armed forces, the armed forces military reserve, or the National Guard. The exemption is retroactive to January 1, 2011.

**Background**

Iowa currently exempts active duty pay from the State income tax in specified combat-related instances.

**Assumptions**

According to data collected by the Department of Revenue through the Defense Manpower Data Center, the current number of active duty personnel claiming Iowa as their residence is 9,300, and 14.6% of that number is currently serving in Iraq or other combat areas. The active duty pay of those currently serving in Iraq or other combat zones is assumed to already be tax exempt under current law.

The Department of Revenue applied the tax exemption impact, by rank and by salary, to the 7,500 assumed active duty military personnel impacted by the proposed exemption. The number of personnel is assumed constant while active duty pay is assumed to increase each year.

Iowa's local option income surtax for schools is based on Iowa income taxes owed, prior to refundable tax credits. Statewide, the surtax equals approximately 3.0% of State income taxes owed. Exempting active duty pay will also reduce the income surtax for schools owed by the impacted taxpayers.

**Fiscal Impact**

The tax rate reduction contained in House File 141 is projected to decrease the income tax paid by Iowa taxpayers by the following amounts:

Reduction in Iowa Income Taxes Owed In Millions of Dollars			
Year	Tax Year		Fiscal Year
2011	\$	8.7	\$ 0.8
2012	\$	9.2	\$ 11.2
2013	\$	10.0	\$ 9.5
2014	\$	10.5	\$ 10.2
2015	\$	10.6	\$ 10.5

All individual income tax revenue is deposited in the State General Fund.

In addition, the total tax liability for the Iowa income tax surcharge for schools will decrease approximately \$0.3 million each year.
